106th CONGRESS 2D Session

## IN THE HOUSE OF REPRESENTATIVES

S. 2528

OCTOBER 11, 2000 Referred to the Committee on Commerce

## **AN ACT**

- To provide funds for the purchase of automatic external defibrillators and the training of individuals in advanced cardiac life support.
  - 1 Be it enacted by the Senate and House of Representa-
  - 2 tives of the United States of America in Congress assembled,
  - **3** SECTION 1. SHORT TITLE.
  - 4 This Act may be cited as the "Rural Access to Emer-
  - 5 gency Devices Act" or the "Rural AED Act".

## 1 SEC. 2. FINDINGS.

2	Congress makes the following findings:
3	(1) Heart disease is the leading cause of death
4	in the United States.
5	(2) The American Heart Association estimates
6	that 250,000 Americans die from sudden cardiac ar-
7	rest each year.
8	(3) A cardiac arrest victim's chance of survival
9	drops 10 percent for every minute that passes before
10	his or her heart is returned to normal rhythm.
11	(4) Because most cardiac arrest victims are ini-
12	tially in ventricular fibrillation, and the only treat-
13	ment for ventricular fibrillation is defibrillation,
14	prompt access to defibrillation to return the heart to
15	normal rhythm is essential.
16	(5) Lifesaving technology, the automated exter-
17	nal defibrillator, has been developed to allow trained
18	lay rescuers to respond to cardiac arrest by using
19	this simple device to shock the heart into normal
20	rhythm.
21	(6) Those people who are likely to be first on
22	the scene of a cardiac arrest situation in many com-
23	munities, particularly smaller and rural commu-
24	nities, lack sufficient numbers of automated external
25	defibrillators to respond to cardiac arrest in a timely
26	manner.

(7) The American Heart Association estimates
 that more than 50,000 deaths could be prevented
 each year if defibrillators were more widely available
 to designated responders.

5 (8) Legislation should be enacted to encourage
6 greater public access to automated external
7 defibrillators in communities across the United
8 States.

## 9 SEC. 3. GRANTS.

10 (a) IN GENERAL.—The Secretary of Health and 11 Human Services, acting through the Rural Health Out-12 reach Office of the Health Resources and Services Admin-13 istration, shall award grants to community partnerships 14 that meet the requirements of subsection (b) to enable 15 such partnerships to purchase equipment and provide 16 training as provided for in subsection (c).

17 (b) COMMUNITY PARTNERSHIPS.—A community
18 partnership meets the requirements of this subsection if
19 such partnership—

(1) is composed of local emergency response entities such as community training facilities, local
emergency responders, fire and rescue departments,
police, community hospitals, and local non-profit entities and for-profit entities concerned about cardiac
arrest survival rates;

1	(2) evaluates the local community emergency
2	response times to assess whether they meet the
3	standards established by national public health orga-
4	nizations such as the American Heart Association
5	and the American Red Cross; and
6	(3) submits to the Secretary of Health and
7	Human Services an application at such time, in such
8	manner, and containing such information as the Sec-
9	retary may require.
10	(c) USE OF FUNDS.—Amounts provided under a
11	grant under this section shall be used—
12	(1) to purchase automatic external defibrillators
13	that have been approved, or cleared for marketing,
14	by the Food and Drug Administration; and
15	(2) to provide defibrillator and basic life sup-
16	port training in automated external defibrillator
17	usage through the American Heart Association, the
18	American Red Cross, or other nationally recognized
19	training courses.
20	(d) REPORT.—Not later than 4 years after the date
21	of enactment of this Act, the Secretary of Health and
22	Human Services shall prepare and submit to the appro-
23	priate committees of Congress a report containing data
24	relating to whether the increased availability of
25	defibrillators has affected survival rates in the commu-

nities in which grantees under this section operated. The
 procedures under which the Secretary obtains data and
 prepares the report under this subsection shall not impose
 an undue burden on program participants under this sec tion.

6 (e) AUTHORIZATION OF APPROPRIATIONS.—There is
7 authorized to be appropriated \$25,000,000 for fiscal years
8 2001 through 2003 to carry out this section.

Passed the Senate October 10 (legislative day, September 22), 2000.

Attest:

GARY SISCO, Secretary.
